

January 12, 2023

Dear parents, families and members of our Warrior Community,

Yesterday we made the difficult decision to close the school and have an asynchronous learning day. While we normally strive to communicate these things before 5:00 a.m., due to the unpredictability of the weather we were forced to make this decision late.

We received information from our bus company that they were not comfortable transporting students due to the icy conditions. In addition, several staff members began their commute to school and were forced to turn around due to the road conditions.

**It is important that families continually share updated contact information with HCPA so that communication can be shared quickly and easily.** I encourage you to call our main office at (651) 209-8002 to make sure we have the most up to date information on file, such as phone numbers, email addresses, and street addresses.

The decision to close the school building is never taken lightly and it is the safety of our students, staff, teachers and community that is at the heart of these decisions.

Thank you for your continued support of HCPA,

Respectfully,

Danijela Duvnjak
