## MIDDLE SCHOOL SOCCER

Our coed middle school soccer team is going strong, with the first two weeks of practice showing that our boys and girls are ready for their continued successes in the LIST soccer league. With great coaches and a tremendous amount of effort, they are a great feeder program for our high school teams.

---

## BOYS SOCCER

In Coach Mo's last year, the boys team is ready to send him off in style as the young team is working hard to build on the success of last year's playoff team. Aided by Coach Blake and Coach Seth and led by captain Patrick Yang, the team is 1-2 as they head into conference games.

## **GIRLS SOCCER**

After a few years hiatus due to low numbers, Coach Hardy has brought back the girls high school soccer team, and the numbers are rising on the team as more and more girls join. With a short schedule and a lot of time to practice, it will be good to see their team grow in the future.

---

## **GIRLS VOLLEYBALL**

Aided by a huge turnout and a lot of talented underclass students, the girls' varsity volleyball team is having an up and down year with a tough opening group of games before entering conference play. Coach Vang's team are receiving help from the undefeated JV team, and the tough C Squad below them has won more than its share of games.

---

Clubs this year include Robotics, which is looking to sustain the success they had last year in the school's new Robotics Arena, and the team will start to meet in September. eSports had their first meeting and the huge turnout is testament to the growing desire of HCPA students to play in the fastest-growing sport in the world. GSA will be having their first meeting to bring about student inclusiveness, which all students are invited to attend. This year's Homecoming will be on September 23rd with an Under the Stars theme, and will be hosted by the Senior Committee, with assistance from the Junior Committee. Last but certainly not least, the Bass Fishing Team recently came back from their state tournament at Whitefish Lake, where all teams finished in the top 60 of nearly 100 teams in state, with our top team finishing 30th.
